Naomi Jones assumed the key Brophy Team coordinator and did a fantastic job only to see the Meet cancelled.

#### 4. Swim Meets

- **SISA Championships**

The Zone meeting in February agreed that the centralisation and selection of a quality venue is essential for the growth and success of the SISA Championships.

- The “Status” of the SISA Championships needs to be constantly promoted.
- The clubs agreed that care in placement and timing of meets in all three zones impacts on meet entries .

<b>Meets 2019-20</b>		<b>Level of Entries and swimmers</b>	
Wagga -Nov 2019	<i>Qualifying</i>	<i>medium</i>	<i>Good meet numbers considering cold start for outdoor clubs.</i>
Coleambally	<i>Development</i>	<i>usual</i>	<i>Combination development day and Technical official training resulted in a very enjoyable meet.</i>
Leeton	<i>Qualifying</i>	<i>medium</i>	<i>Technical official training the day prior. Assessments and a good meet followed.</i>
Hay	<i>Qualifying</i>	<i>low</i>	<i>Meet was deferred due to issues with setting up Swim Central and the resultant lack of entries. Internal club issues resulted in very few competitors. Club needs more active officials trained.</i>
Deniliquin	<i>Qualifying</i>	<i>medium</i>	<i>The club resolved Swim Central cross border entries and was able to capitalise on the Victorian Country entry closing date. Visitors were very pleased with the meet and the fact that qualifying times were quickly on the database.</i>
Narrandera	<i>Qualifying</i>	<i>usual</i>	<i>The club resolved event flyer and Swim Central issues late and the meet ran well. Club needs more active officials trained.</i>
SISA Championships	<i>Qualifying</i>	<i>good</i>	<i>Good entries from active Zone clubs coupled with small numbers from the other clubs.</i>
Griffith	<i>Postponed</i>		<i>The club DID NOT resolve event flyer and Swim Central issues .</i>
