

South West Zone Report for 2019- 2020 Season

Despite an unusual season of extremely hot weather, drought and a violent storm that resulted in one carnival having to be called off. South West Zone was able to hold a total of 7 carnivals (Qualifying & Development Swimming carnivals) with the Cootamundra carnival having to be postponed in the morning due to adverse winds.

All with some pretty good attendance. All qualifying meets had over 700 entries, Junee had 964 & Cootamundra would have had 1025. Quite good considering we had to contend with basketball.

All development meets were well attended. It was sad to see some larger clubs not supporting these smaller clubs.

It is pleasing to report that both swimmers and technical officials from various SISA clubs (within South West, Riverina and Murray Zone) are travelling to attend carnivals in the zone and area as a whole.

Qualifying Carnivals

Yass 24-11-11 Meet No 1 (719 Entries from 14 Clubs)

Special mention must go to Stephen Mawbey and Karyn Flanagan for putting together our South West zone team for James Brophy which was to be held at the AIS pool in March. These two put in an enormous amount of time and effort to ensure that every nominated swimmer has the opportunity to participate in this inter district meet. Unfortunately due to COVID -19 this Swim carnival was called off

Thanks must also go to those members in the individual clubs for the effort they put into hosting a carnival and taking in entries. However we as a Zone need to increase our level of Technical officials from all clubs to ensure the continuation of these carnivals.

I would like to recognise our small band of technical officials for their continued support of swimming in both the South West Zone and SISA area. Many of our technical officials officiate at school district, area carnivals in both the Western and Riverina Area of the NSW Dept of Education and Catholic systems.

Again I would like to especially thank both Stephen and Michelle Mawbey for all their tireless work in ensuring that all South West Zone carnivals meet shells are sent to hosting clubs, clubs are informed of all events, trophy updates, keeping records and equipment all in good order and so much more. Thanks must go to Merv Penny for his amazing record keeping of points score, trophy winners and records.

Ingrid Corcoran
Chairperson (South West Zone -SISA)
